**Editor Harris and Mr. Flagler.**

Some of the newspapers of the state are unjustly criticising Editor Frank Harris, of the Ocala Banner, for the manly stand he has taken regarding Mr. Henry M. Flagler. Mr. Harris realizes the fact that he has been a potent factor in the development of the state and has had the temerity to express his appreciation of such public benefactors and encourage others to demonstrate a kindly feeling of reciprocity toward people who have taken our swamps and marshes and converted them in gardens of Edens.

Some of the papers have been casting aspersions upon Mr. Flagler because they assume that he is a senatorial possibility. Mr. Harris investigated the rumors and found them without foundation and published an editorial to that effect. Now, it is contemptible for the editorial fraternity to accuse Editor Harris of having made an acrobatic tumble from the side of "poverty" to the side of "capitalism," simply because he had the diplomacy and good sense to forever set at rest a rumor that if not contradicted, would have given every aspiring politician in the state a paroxysm. Mr. Flagler says he is not a candidate for any office within the gift of the people, and that should be a sufficient guarantee that the other fellows will have the field to themselves.

It is our opinion that Editor Harris has done Florida a great and lasting good by nipping in the bud a rumor that would have wrought so much trouble in the political arena of the state.—Tampa Tribune.

### A Good Cough Remedy.

Many thousands have been restored to health and happiness by the use of Chamberlain's Cough Remedy. If afflicted with sore throat or lung trouble, give it a trial for it is certain to prove beneficial. Coughs that have resisted all other treatment for years have yielded to this remedy and perfect health has been restored. Cases that seemed hopeless, that the climate of famous health resorts failed to benefit, have been permanently cured by its use. For sale by Anti-Monopoly Drug Store.

## The Oil Excitement.

The Gainesville Sun says that oil indications have been discovered in Alachua county almost beyond all doubt, and the Chronicle, at Inverness, says that for the past week parties have been driving over this section of our county making investigations, looking and hoping to find some indications that might lead to the discovery of petroleum, and from authentic reports we learn that strong indications of oil have been found on land, the property of J. S. Ruff, two and a half miles north of town. The oily substance flows from the soil at a spring on Mr. Ruff's place. A number of parties have visited this place within the past few days, and all are convinced that the discovery of oil here is a fact and not a theory. John Pearson, of Ocala, and E. K. Nelson, of Floral City, have secured an option on this property.

A great many options have been secured on property in this section. Surface indications are very decided and emphatic, and extend over the entire cove section of country north and east of Inverness.
